□ 1807

So the amendment was rejected.

The result of the vote was announced as above recorded.

Stated against:

Mr. AUSTIN SCOTT of Georgia. Mr. Chair, on rollcall No. 648 I was inadvertently detained. Had I been present, I would have voted "no."

PERSONAL EXPLANATION

Mr. GUTIERREZ. Mr. Chair, I was delayed for votes, due to my participation in a peaceful rally and protest against the current Administration's enforcement policies against immigrant students and the families of U.S. citizens. Had I been present for the votes I would have voted "yes" on rollcall votes 640, 641, 642, 643, 644, 645, 646, 647, and 648.

The Acting CHAIR. The question is on the committee amendment in the nature of a substitute, as amended.

The amendment was agreed to.

The Acting CHAIR. Under the rule, the Committee rises.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. DOLD) having assumed the chair, Mr. LATOURETTE, Acting Chair of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the bill (H.R. 1938) to direct the President to expedite the consideration and approval of the construction and operation of the Keystone XL oil pipeline, and for other purposes, and, pursuant to House Resolution 370, reported the bill back to the House with an amendment adopted in the Committee of the Whole.

The SPEAKER pro tempore. Under the rule, the previous question is ordered.

Is a separate vote demanded on any amendment to the amendment reported from the Committee of the Whole?

If not, the question is on the committee amendment in the nature of a substitute, as amended.

The amendment was agreed to.

The SPEAKER pro tempore. The question is on the engrossment and third reading of the bill.

The bill was ordered to be engrossed and read a third time, and was read the third time.

MOTION TO RECOMMIT

Ms. SUTTON. Mr. Speaker, I have a motion to recommit at the desk.

The SPEAKER pro tempore. Is the gentlewoman opposed to the bill?

Ms. SUTTON. I am opposed in its current form.

The SPEAKER pro tempore. The Clerk will report the motion to recommit.

The Clerk read as follows:

Ms. Sutton moves to recommit the bill H.R. 1938 to the Committee on Energy and Commerce with instructions to report the same back to the House forthwith, with the following amendments:

Page 6, after line 24, insert the following new paragraphs:

(18) TransCanada Corporation has threatened to condemn the land of American farmers, ranchers, and homeowners along the Keystone XL pipeline route, and farmers, ranchers, and homeowners in the States of Montana, Nebraska, Oklahoma, South Dakota, Kansas, and Texas are at risk of having their property seized by a foreign corporation.

(19) In its permit application to the Canadian Government, TransCanada Corporation, the owner and operator of the Keystone XL pipeline, projected that the Keystone XL pipeline will increase oil prices in PADD 2, which includes the States of Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, Oklahoma, South Dakota, Tennessee, and Wisconsin, increasing annual revenue to Canadian oil producers by an estimated \$2,000,000,000 to \$3,900,000,000 in 2013.

Page 7, lines 14 and 20, redesignate subsections (c) and (d) as subsections (d) and (e), respectively.

Page 7, after line 13, insert the following new subsection:

(c) PROTECTING CONSUMERS FROM UNFAIR GAS PRICE INCREASES AND SEIZURE OF FARM-

LAND.—The President shall ensure that the necessary actions under subsection (a) shall include—

(1) any feasible step to prevent an increase in gasoline prices in any region of the country; and

(2) any feasible step to limit the seizure of American farmland and ranchland without consent of the landowners.

□ 1810

The SPEAKER pro tempore. The gentlewoman from Ohio is recognized for 5 minutes.

Ms. SUTTON. Mr. Speaker, I rise today to offer this amendment in response to a concern that we have all heard and which was recently raised in a letter that I received from a constituent in Cuyahoga Falls, Ohio. He wanted to know how Congress can help with rising gas prices, prices that are forcing him to spend less on taking care of his family and causing uncertainty and uneasiness. And it's with my constituent in mind that I offer this amendment today.

Mr. Speaker, today we have an opportunity to join together to pass this amendment and do something for my constituent and for the middle class families like his across the country that exist in each and every district.

At the outset, I want to be clear, this amendment, this motion, it does not kill the underlying bill. So regardless of whether you intend to vote for the legislation or against it, you will have the opportunity to do that today. This amendment simply offers us, Democrats and Republicans alike, the opportunity to speak up on behalf of our constituents loudly and clearly.

What this amendment does is makes it clear that if the underlying bill passes, we want the President to take feasible steps to prevent gas prices from rising as a result of its passage and to take feasible steps to limit the seizure of American farmland. This should be an easy amendment for colleagues on both sides of the aisle to support. A vote for the amendment means standing up for American consumers to protect them against gas increases. A vote for this amendment means you are standing up for American families to protect them from unfair seizures of their property. These are the goals that all of us in this body, the people's House, should share.

It is important that we act together to pass this amendment today because, make no mistake, at a time when gas prices are already too high, this bill in its current form will raise gas prices even higher, placing an even greater burden on American families and small businesses. We know this, Mr. Speaker, because TransCanada, the Canadian corporation that is building this pipeline, has admitted as much. TransCanada's own assessment from February of 2009 states that Keystone XL pipeline will increase the cost of a barrel of crude oil by \$6.55 per barrel in the Midwest and \$3 per barrel everywhere else.

Mr. Speaker, this is simply unacceptable. It's unacceptable because far too

many middle class families are already struggling. Without this amendment, this legislation amounts to salt in the wounds of working families, so many of whom have seen their jobs sent overseas and now they will see even more of their hard-earned dollars being sent out of the country and will have to pay more for gas to boot.

And this legislation, in its current form, also stands to harm our small business owners, putting a larger financial burden on them at a time when we have called on them to create jobs and lead the way in our recovery. It will burden our family farmers who will now have to pay more to gas up their combines and buy fertilizer.

But an increase in gas prices is not the only reason this legislation needs to be amended. From South Dakota to Texas, we have a situation where the non-U.S. energy company building this pipeline has been pushing American farmers and ranchers to give up their rights to their own property. And for those who have resisted, the company—in pursuit of billions of dollars—has been taking Americans to court to seize control of their land through eminent domain. TransCanada has been bringing these lawsuits even before they have the permits to build the pipeline.

These outrageous acts are bringing Democrats and Republicans together to speak out on behalf of property owners and to ensure that their rights come before the rights of any big corporation. That is the way it should be—us standing together to protect American consumers and property owners.

Mr. Speaker, our country needs to protect the rights of our citizens, not subject those rights to a foreign corporation. Mr. Speaker, our constituents pay high enough gas prices. They need us to stand up and do all that we can to prevent the admitted increases that will occur according to TransCanada's own study. With this amendment, we can join together to do just that. We can put the American people before politics and before corporate profits and ensure that the President takes any feasible steps to protect against gas increases and limit the taking of property through eminent domain that will result from this legislation. This final amendment will ensure these things while allowing for an immediate final vote on the bill.

I encourage my colleagues to stand together and vote "yes" on this final amendment.

Mr. Speaker, I yield back the balance of my time.

Mr. TERRY. Mr. Speaker, I rise in opposition to the motion to recommit.

The SPEAKER pro tempore. The gentleman from Nebraska is recognized for 5 minutes.

Mr. TERRY. Mr. Speaker, I urge all of my colleagues here to vote against this. This is, A, nonsensical and not even relevant here. Why? Well, maybe some of my friends on the other side of the aisle have confused a public works

project with this private infrastructure project.

Number one, private companies do not have any rights of eminent domain; they can't take people's lands. So this part about them exercising eminent domain is just not relevant here. They aren't doing this; they don't have the power.

The other part is equally as nonsensical. Listen, this is a \$13 billion stimulus infrastructure bill.

□ 1820

This is what all of us have been asking for because it creates thousands of jobs, 20,000 direct union construction jobs. Now, the Laborers International Union of North America supports this bill. International Brotherhood of Teamsters, United Association of Journeymen and Apprentices of the Plumbing and Pipefitting Industry of the United States, the AFL-CIO International Union of Operating Engineers, the Pipeline Contractors Association. These are the people. It's the labor. It's the jobs that are going to be created here, and we're standing with the American people.

Now, this other argument that we have been debating ad nauseam throughout the afternoon about bringing in 700,000 to 1.2 million barrels per day from Canada that is somehow going to raise prices at the pump. I'm sorry, I went through some economics. I don't see how adding supply, adding American jobs, making a reliable source of energy, and eliminating uncertainty is going to drive up costs. It doesn't make sense.

Let's stand with the American people. Let's create 100,000 new jobs. Let's get America working. Let's get the prices down at the pump. Vote against this motion for reconsideration, and let's vote to put people back to work.

I yield back the balance of my time.

The SPEAKER pro tempore. Without objection, the previous question is ordered on the motion to recommit.

There was no objection.

The SPEAKER pro tempore. The question is on the motion to recommit.

The question was taken; and the Speaker pro tempore announced that the noes appeared to have it.

RECORDED VOTE

Ms. SUTTON. Mr. Speaker, I demand a recorded vote.

A recorded vote was ordered.

The SPEAKER pro tempore. Pursuant to clause 9 of rule XX, the Chair will reduce to 5 minutes the minimum time for any electronic vote on the question of passage.
